SAP Master Data Governance MDG Tool (6 to 8 years)

We are looking for an experienced **SAP Master Data Governance (MDG) Consultant** to join our team . The ideal candidate will have hands-on expertise in SAP MDG, master data governance processes, and SAP integration. You will be responsible for designing, configuring, and implementing SAP MDG solutions while collaborating with cross-functional teams to deliver high-quality business solutions.

Key Responsibilities

Design, develop, configure, and implement SAP Master Data Governance (MDG) solutions. Gather, analyze, and translate business requirements into scalable technical solutions. Configure and customize SAP MDG based on business needs. Lead project activities and serve as the primary point of contact for stakeholders. Collaborate with functional and technical teams to ensure seamless integration with SAP and non-SAP systems. Support data governance initiatives and establish master data management best practices. Mentor junior team members and provide technical guidance. Participate in system testing, deployment, and post-go-live support. Ensure adherence to project timelines, quality standards, and governance processes.

Required Skills

1. 5+ years of experience in **SAP Master Data Governance (MDG)**.
2. Strong understanding of **Master Data Management (MDM)** and **Data Governance** principles.
3. Hands-on experience in **SAP MDG configuration and customization**.
4. Experience integrating SAP MDG with other SAP modules and enterprise applications.
5. Strong analytical and problem-solving skills.
6. Excellent communication and stakeholder management abilities.
7. Ability to work effectively in Agile and collaborative environments.

Preferred Skills

1. Experience with SAP S/4HANA environments.
2. Knowledge of SAP ABAP or SAP Workflow is an added advantage.
3. Exposure to data migration and data quality management.

Qualifications

Bachelor's degree in Computer Science or related field. B.Tech/BE – Bachelor of Technology/Engineering, MCA , Msc – IT

Certifications (If Any)

SAP Master Data Certifications
